FOR THE GOOD OF THE GENERAL ORDER

Mayor Morrison recognized Auxiliary Deputy Sheriff Canine Officer Ruger for his exceptional skill and performance of duty by locating a Carter County murder victim that had been wrapped in a plastic tarp, sealed in a freezer, and buried more than 5 feet underground on a rural, densely covered on 17 acres near Hampton in Carter County. On May 15, 2024, Auxiliary Deputy, K9 Officer Wayne Wilhoit and K9 partner, Office Ruger, a trained cadaver dog, was requested to assist investigators from the Carter County Sheriff's Department, the Tennessee Bureau of Investigation, and the Elizabethton Police Department in locating a suspected murder victim that had been buried suspect of interest sometime in February.

Mayor Morrison recognized Deputy Brian Hiatt for this exceptional heroics and performance of duty going above and beyond the call of his routine responsibilities resulting in the saving of a life of a drowning child. On Sunday, June 9, 2024, Deputy Hiatt responded to 3402 Holly Creek Road, Greeneville, on a report that a three-year-old had drowned in a pool at the residence. The child was reported to be unresponsive and not breathing. When Deputy Hiatt arrived on the scene, the owner of the residence was administering chest compressions on the child which was cyanotic or presenting with a purple/bluish tint to the skin indicating a severe deprivation of oxygen to the blood. Deputy Hiatt immediately took over chest compressions while the child's mother administered rescue breaths. CPR was continued until EMS Supervisor Wesley Miller arrived on the scene. Deputy Hiatt and Supervisor/Paramedic Miller continued lifesaving resuscitation efforts until the child regained a pulse and began shallow breathing on his own. As of Friday, June 21, the child had been extubated and was breathing calmly on his own and continuing his recovery.

We especially acknowledge Deputy Brian Hiatt for his quick, calm and confident first response where precious time and skill are the difference between relief and heartbreak.

Mayor Morrison recognized Deputy Sheriff Sarah Brown for her exceptional heroics and performance of duty going above and beyond the call of her routine responsibilities resulting in the saving of a life of a choking victim. At approximately, 12:45 p.m. on Friday, June 21, 2024, Deputy Brown and other officers of the Greene County Sheriff's Office were nearing the end of their lunch period when a wife of a couple, Mr. and Mrs. Hennessy immediately, but unsuccessfully administered multiple back blows and the Heimlich Maneuver to his wife in an attempt to clear her airway. Deputy Sarah Brown seated nearby, and alert, observed that Mr. Hennessy's attempts were unsuccessful, and she politely took over the effort to assist Mrs. Hennessy, proactively stating to the panic-stricken couple, "I've Got This" Deputy Brown then administered multiple unsuccessful Heimlich Maneuver thrusts. Mrs. Hennessy's airway was finally restored when Deputy Brown directed the victim to lean forward as she administered multiple, forceful back blows.

Mrs. Hennessy wrote in her personal letter of thanks that her choking was not a mere partial airway obstruction but a complete blockage that was very difficult to dislodge, required multiple techniques and it not for the quick, persistence, and aggressive action by Deputy Brown, she would have suffocated. Mrs. Hennessy believes had Deputy Brown not been there, she would have died. We thank you Deputy Sarah Brown for your quick, calm, proactive, and confident response, where precious time and skill are the difference between relief and heartbreak.

GREENE COUNTY EMPLOYEE OF THE MONTH

Auxiliary Deputy Sheriff K9 Officer Ruger

The County Mayor, the 21 members of the Greene County Commission, and the 74k+ residents of Greene County are honored to thank and recognize Auxiliary Deputy Sheriff, K9 Officer Ruger, for his exceptional skill and performance of duty by locating a Carter County murder victim that had been wrapped in a plastic tarp, sealed in a freezer, and buried more than 5 feet underground on a rural, densely covered 17 acres near Hampton in Carter County. On Wednesday, May 15, 2024, Auxiliary Deputy, K9 Officer Wayne Wilhoit and his K9 partner, Officer Ruger, a trained cadaver dog, was requested to assist investigators from the Carter County Sheriff's Department, the Tennessee Bureau of Investigation, and the Elizabethton Police Department in locating a suspected murder victim that had probably been buried by the suspect of interest sometime in February. Investigators had very little information to proceed on in locating the victim and faced a daunting search of 17 acres. Deputy Ruger positively indicated, or "hit on" an odor consistent with human decay not long after arriving on the scene. Metal detectors were then deployed, and the victim's remains were successfully recovered. At the press conference announcing the successful location and recovery of the victim, Carter County Sheriff, Mike Fraley, credited Greene County K9 Officer Ruger for the find and the successful conclusion of the murder investigation. As of Thursday, May 16, the suspect had been charged with murder and booked into the Carter County Detention Center on a 5-million-dollar bond. We are eternally grateful and tremendously proud of K9 Officers Wilhoit and Ruger for their quick and decisive success in this and many other investigations where the difference between solved or unsolved investigations has hinged on an officer's discerning nose. We further commend K9 Officer Ruger for his dedication and persistence to the highest levels of care, concern, training, and performance of his duty and service to the citizens of Greene County and the Tri-Cities Region. This remarkable display of training, skill, and loyalty is truly inspiring and reflects great credit upon Greene County; the Greene County Sheriff's Office; and all of our K9 Officers everywhere and upholds the very highest values of the motto of law enforcement, "To Protect and Serve"

The child was reported to be unresponsive and not breathing. Sheriff's Department response was requested due to Greene County EMS being at level zero at the time, meaning all available ambulances were attending to other emergencies. When Deputy Hiatt arrived on the scene, the owner of the residence was administering chest compressions on the child which was cyanotic or presenting with a purple/bluish tint to the skin indicating a severe deprivation of oxygen to the blood. Deputy Hiatt immediately took over chest compressions while the child's mother administered rescue breaths. CPR was continued until EMS Supervisor Wesley Miller arrived on scene. Deputy Hiatt and Supervisor/Paramedic Miller continued lifesaving resuscitation efforts until the child regained a pulse and began shallow breathing on his own. Additional assistance arrived from a Washington County EMS ambulance as well as a Highlands Emergency Air Rescue Transport Helicopter. The child was prepped and transported via H.E.A.R.T. to the Johnson City Medical Center and then later to the Knoxville Children's Hospital. As of Friday, June 21, the child had been extubated and was breathing calmly on his own and continuing his recovery. We are eternally grateful and tremendously proud to acknowledge all of our first responders and allied healthcare partners for their life saving contributions in the successful outcome of this horrific emergency. We especially acknowledge Deputy Brian Hiatt for his quick, calm, and confident first response where precious time and skill are the difference between relief and heartbreak. We further commend Deputy Hiatt for his dedication and persistence to the highest levels of care, concern, training, and performance of his duty and service to the citizens of Greene County. Call to Order:

Mayor Morrison called meeting to order in the conference room at the Greene County Annex. Quorum was present.

Minutes:

Motion was made by Commissioner Crawford and was seconded by Commissioner Dabbs to approve the minutes from April 24, 2024. Motion was approved with no opposition.

Reports:

Clinic – Beth McNeese gave the clinic reports for Leslie Jones for April 2024. There was a total of 292 patients in April which was 29 more than last year. There were 105 biometric physicals which was 29 more than last year. The clinic completed 536 physicals (not counting new hires). There was a total of 15 employees that did not complete their biometrics. There were 9 no show provider visits and 5 no show nurse visits, of which were reported to departments. The clinic is still working with Foundation Pharmacy Strategies to try and get the GLP1 drugs (Mounjaro) more accessible and cheaper. Hopefully more to come in June. The clinic staff are in training with the D.O.T. today. Attorney Roger Woolsey asked David McLain where they do their D.O.T. physicals? David said he wasn't sure currently but previously it was at the facility across from the Greeneville Middle School. Mayor stated that our clinic would now be able to do them for Greene County Schools and at a reduced fee. Attorney Roger Woolsey asked if there were any complaints about being able to get into the clinic. No one knows of any.

Financial - Danny Lowery emailed the financial reports for April, 2024 to the Insurance Committee on May 16, 2024 and asked the Committee if they had a chance to look over the reports and if they had any questions about the reports. Danny says workers comp and liability still looks really good. We did get a couple of re-insurance checks in April, one for \$177,000 for the schools and another for \$39,000 for Kinser Park. A big thanks to Kim and everyone for staying on top of that and getting those back to us pretty quick. It seems to be settling out for employee health insurance. It's impressive to see what they have done at the clinic. They have lowered the cost per visit by about \$20.00 and that's with the addition of the GLP1 drugs. A motion to approve the financial reports was made by Attorney Roger Woolsey. Motion was seconded by Commissioner Waddle. Reports were approved with no opposition.

Discussion:

**Greene County Insurance Committee

Other Business.

Attorney Roger Woolsey said the Clinic is requesting for the biometrics to start on June 1st instead of July 1st. They would still want the 30 day window to complete. Danny says he is not wild about crossing fiscal years. Danny says he doesn't want to look back and have employees say "I had this done in June and that should count for this past year and why am I being charged". Danny doesn't think it would be a big deal for the clinic but you'll have people that forget to get theirs done and then come in June thinking they did complete it and then Beth has to hear about it. I also stated that starting in June could cause some confusion with new hires and then the employees that added health insurance at open enrollment in April, which they have until July 1 to complete their biometrics before the new fiscal year starts. Attorney Roger Woolsey said it's probably a matter we just need to drop and Danny said it's always okay to ask. Mayor said he could see issues or frustrations with both of those examples. Ultimately, Mayor stated we have to stop and start somewhere and it might as well be with the fiscal year.

Motion to adjourn and go into closed session was made by Budget Director Danny Lowery. Motion was seconded by Attorney Roger Woolsey.

Greene County Commission Education Committee

3 June 2024

Regular Meeting

The Greene County Commission Education Committee met at 3:30 PM at the Greene County Schools Central Office for its regular May meeting.

Committee Members in Attendance: Chairman Bill Dabbs, Lloyd Bowers, Kathy Crawford, Larkin Clemmer, Jan Kiker and Paul Burkey. Director David McLain was present as well.

Others in Attendance: Kayla Crawford

The Committee reviewed the minutes from 1 April meeting. Mr. Bowers made the motion to accept the minutes. Ms. Kiker seconded. The motion to approve the minutes passed unanimously.

Mr. McLain presented the School Board approved 2024-2025 budget proposals for the three main school funds (141 General, 143 Food Service, and 177 Capital projects).

The General Fund 141 budget is balanced at \$63,969,700.00 with local funding increasing by \$400,000.00 (\$300,000.00 of which is from property tax revenues) and state funding increasing by about \$480,000.00 as part of the new TISA school funding formula. Federal revenues will remain essentially the same as last year. This budget includes a \$2200 raise per certified staff and a 40 cent per hour raise for classified staff on top of any regularly occurring step increases. This is an incremental move toward meeting the State mandate to increase starting teacher pay to \$50,000.00 by the 2026-2027 school year. Mr. Bowers made the motion to recommend approval. Ms. Crawford seconded. The motion passed unanimously.

The Food Services Fund 143 budget is balanced at \$4,772,209.00, an increase of \$600,000.00. \$300,000 of that is for lunch line upgrades at three schools and the other \$300,000.00 is to cover the increase of Chartwell's per plate fee from \$3.79 to \$3.95. That fund maintains a healthy fund balance. Mr. Bowers made the motion to recommend approval. Ms. Crawford seconded. The motion passed unanimously.

School Capital Projects Fund 177 will have local funding totaling \$1,387,650, unchanged from last year Mr. Clemmer made the motion to recommend approval. Ms. Kiker seconded. The motion passed unanimously.

Mr. McLain also presented three resolutions for end of year funding changes and revenue allocation. The first made end of year adjustments between funding lines in General Fund 141 in the amount of \$356,020.00. Mr. Clemmer made the motion to recommend approval. Ms. Crawford seconded. The motion passed unanimously. The second was the allocation of State funding for Summer Learning Camp and Summer Transportation totaling \$736,524.18. Mr. Bowers made the motion to recommend approval. Mr. Clemmer seconded. The motion passed unanimously. The third was a realignment of \$350,000.00 to cover charges from Chartwell to get to the end of the year. The shortage was the result of the local decision to continue to provide free meals to all students in the first month of the year to give families a chance to adjust to the end of federal government-funded free meals for all. Mr. McLain also pointed out that the individual reimbursement for paying students does not cover the per plate cost to Chartwell, while the federal reimbursement rate for free and reduced meals more than covers the Chartwell fee. Ms. Kiker made the motion to recommend approval. Mr. Clemmer seconded. The motion passed unanimously.

Meeting adjourned. The next Education Committee meeting will be at 3:30 PM on Monday July 1, 2024.

The Chairman called the meeting to order and welcomed attendees. The Chairman asked if members had received the draft minutes of the April 9, 2024 meeting. A motion was made by Edwin Remine, seconded by Gary Rector, to approve the minutes. The motion carried unanimously.

A Three Lot Subdivision of the Helen Robinette Property. The Planning Commission reviewed and considered approving A Three Lot Subdivision of the Helen Robinette Property for three lots totaling 14.30 acres, located adjacent to Ragon Hollow Lane in the 19th civil district. There was no one present to represent the item, and staff stated that revised plats had not been submitted. A motion was made by Lyle Parton, seconded by Edwin Remine, to deny approval, as plats had not been submitted as required. The motion carried unanimously.

Division of the Michael & Louanne Berry Property. The Planning Commission reviewed and considered approving Division of the Michael & Louanne Berry Property, for two lots totaling 2.47 acres, located adjacent to Jockey Road in the 15th civil district. Staff recommended granting approval, subject to the addition of signatures, as the plat met all other applicable requirements. A motion was made by Phillip Ottinger, seconded by Gary Rector, to approve the plat, subject to the addition of signatures, as the plat met all other applicable requirements.

Division of the Linda Leblanc Trust Property. The Planning Commission reviewed and considered approving the Division of the Linda Leblanc Trust Property, for two lots totaling 3.00 acres, located adjacent to Cedar Creek Road in the 18th civil district. Staff recommended granting approval, subject to the addition of signatures, as the plat met all other applicable requirements. A motion was made by Gary Rector, seconded by Phillip Ottinger, to approve the plat, subject to the addition of signatures, as the plat met all other applicable requirements.

8973 Blue Springs Parkway rezoning request. The Planning Commission reviewed and considered a request to rezone property located adjacent to 8973 Blue Springs Parkway (tax parcel 083-017.01) from A-1, General Agriculture District, to M-1 Industrial District, for use as a proposed trucking terminal. A public hearing was opened, but no one requested to speak. Tim Tweed stated the staff report provided the pros and cons of the rezoning request. The presence of residential uses directly across Blue Springs Parkway from the site was mentioned, as was the presence of a LandAir property approximately 3,000 feet west of the property. Mr. Tweed stated a main concern was the grade of the property, specifically, how it dropped-off at the road, and how this would impact traffic entering and existing the site. Planning Commissioners asked about requirements for driveways, and if the driveway could be made safe. Gary Rector stated the Greene County Highway Permit required a level (at-grade) entrance. Craig Reaves, the applicant, was asked if he had purchased the property, and he stated that the purchase was contingent on it being rezoned to M-1. A motion was made by Edwin Remine, seconded by Lyle Parton, to recommend the request be denied, as:

1. There were concerns over the safety of tractor-trailers accessing the highway from the property, given the difference in grade between the Parkway and the frontage of the property.
2. Though the area was predominantly vacant, there was still enough residential development that staff considered it a residential area.
3. Establishing an industrial district would not just introduce a new use, it would create the possibility of an overall change to the land use of the area. This was because, if another M-1 rezoning request was submitted for property in the area, as long as the conditions were substantially similar, the request would have to be approved. Not to do so would be considered spot zoning, or zoning for the benefit of one property owner.
4. Approving the request would be contrary to a principal goal of the Plan, which was to “preserve, protect and enhance the quality of life in Greene County while encouraging a more harmonious and higher standard of development.”
5. The request did not meet Objective B of the *Greene County Land Use and Transportation Policy Plan*, which was to develop appropriate standards and guidelines to “effectuate new industrial development within the county”.

The motion carried unanimously. Mr. Reaves was informed that the request would be scheduled for the June Greene County Legislative Body meeting, as they made the final decision on zoning requests.

4185 Gap Creek Road rezoning request. The Planning Commission reviewed and considered a request to rezone 4185 Gap Creek Road (tax parcel 040-034.01) from A-1 General Agriculture District, to B-1, Neighborhood Business District, to permit operation of a commercial kennel. A public hearing was opened, and Timothy Anderson, the property owner, stated he wanted to create six kennel spaces, so they could provide kenneling, boarding, and training. Mr. Tweed stated that a structure was constructed on the property that was not inspected by Building Department staff, and when a permit was requested, the use of the building was listed as a “garage”. Mr. Anderson stated the Building Department staff was confused about what to put on the building permit application, and finally just told him to put

“garage”. Mr. Tweed stated that the building, if used as a garage in an A-1 zone, met the requirements. If used as a kennel, however, the setback requirements could not be met, unless the property was rezoned to a commercial district. Since the property also contained a residential use, the property would have to be rezoned to B-1. Staff was asked if there were any B-1 zones in the vicinity of the property, and was informed that everything in the area was zoned A-1. Becky Rideout asked if the kennel could be enlarged, and was informed that more kennels could be added, as long as it met the requirements. Mr. Tweed stated that any use permitted in the B-1 zone could locate on the property if it was rezoned, and that the setbacks for commercial uses in a B-1 district were less than the setbacks required for commercial uses in an A-1 zone. Planning Commissioners discussed how rezoning this property to B-1 would, essentially, open the area up to additional requests for commercial zones. A motion was made by Phillip Ottinger, seconded by Edwin Remine, to recommend that the request be denied, as: approving the request would open up the area for additional business uses, and potentially an expansion of the kennel, which would create a negative impact on the area. The motion carried unanimously.

Zoning Resolution revision concerning minimum lot size. The Planning Commission reviewed and considered a proposed amendment to the *Greene County Zoning Resolution* to reduce the minimum lot size for lots served by sanitary sewer. Staff stated the existing 0.5 acre minimum lot size provided room for a septic system and field lines, which were not needed when lots were served by public sewers. The reduced lot size might result in lower property costs to developers and, ultimately, homeowners, but would be offset to some extent by the cost to install the sewer lines. Homeowners would also have to pay a sewer tap fee, as well as monthly charges, for the service.

Staff stated a related request, to reduce overall lot size for a planned unit development near Mosheim, had been considered by the Planning Commission in the previous year. Approval for the project, which would tap into Mosheim’s sewer system, was denied. Staff stated that the next item on the agenda was to grant concept approval to a proposed subdivision, which had a number of lots measuring 15,000 sq. ft. Those lots would tie into Greeneville’s sewer system, were located at the town limits, and would be comparable in size to nearby lots in the Town. Gary Rector stated that it might be open the County up for liability if there were different lot sizes based on where you lived in the County. Roger Woolsey agreed, and stated he thought the best decisions the Planning Commission had recently made were to require fifty (50) feet of frontage for lots, and establishing the 0.5 acre minimum lot size. Daniel Coffey, engineer for the proposed subdivision, stated that the County had previously permitted 15,000 sq. ft. lots if they were on sanitary sewer. For this particular project, a good portion of the property could not be developed as it was either located in the flood plain or under a power line easement. Mr. Coffey stated they would not be overbuilding the 38.5 acres site, which could be developed for sixteen 0.5 acre lots, or 34 lots with a mixture of 15,000 sq. ft. and 0.5 acre lots. Lyle Parton expressed concern that the increased density permitted under the proposal would create a negative impact. Lyn Ashburn stated that the property adjoined the Greeneville town limits, and the lot size was comparable to what was in the area. Roger Woolsey recommended that the developer request annexation by the Town, which would permit the site to be developed with 15,000 sq. ft. lots. A motion was made by Lyle Parton, seconded by Gary Rector, to deny approving a reduction in minimum lot size. The motion carried unanimously.

Concept approval for a Whirlwind Road subdivision. The Planning Commission reviewed and considered granting concept approval to a proposed single family subdivision, to be located adjacent to Whirlwind Road (tax parcel 110-068.00). Staff stated that, since several lots were only 15,000 sq. ft., and Planning Commission policy was that variances could not be granted for lot size, that the request would have to be denied.

Proposed Airbnb (short term rental) regulations. The Planning Commission reviewed and considered a proposal to revise the *Greene County Zoning Resolution* to add regulations concerning Airbnb's. Staff stated the changes proposed at the April meeting, concerning parking and buffering, had been made as directed. Roger Woolsey asked if the term "Airbnb" needed to be removed, as that was a brand for a type of short term rental. It was also suggested that, as part of defining "short term rental", that a time limit for stays should be included. The consensus of the Planning Commission was to change "Airbnb" to "short term rental" and to limit stays to thirty (30) days. Dwayne Gibson suggested that "short term rental" be defined. A motion was made by Gary Rector, seconded by Phillip Ottinger, to change all "Airbnb" references in the resolution to "short term rental", and to change the definition of "short term rental" to include a 30 day limit on stays. The motion carried unanimously.

Final site plan for the Presidential View RV Ranch. The Planning Commission reviewed and considered a proposal to grant final approval to a site plan for Presidential View RV Ranch, to be located adjacent to Woolsey College Road (tax parcel 158-023.13). A public hearing was opened, with Amy Tweed stating that each speaker would have a time limit of three minutes. Roger Woolsey suggested that the number of speakers be limited to seven people per side.

Brian Bradley stated that safety was his number one priority, and he believed that Woolsey College Road was too narrow to allow a camper to pass his bailer, combine, or tractor, without someone going off the road. He mentioned that sight distance was an even bigger concern than road width, because drivers couldn't see around the hairpin curves. Mr. Bradley stated that the interior driveways for the development were 24 feet wide, and asked why they were wider than the county road used to get to the property. He stated that regulations were developed to provide public safety. Day cares, which didn't have RV's coming and going from the site, were required to locate on arterial or collector streets, while there was no requirement for campgrounds.

Greene County Commissioner Brad Peters stated there had been an issue with larger vehicles on more narrow roads around the landfill. The problem was addressed by installing signs that directed which roads garbage trucks used to enter and exit the property.

Glen Merklin, one of the owners of the proposed RV development, stated there had been no problems with the dump trucks making several trips to his property in the last few weeks. He also stated he had measured Woolsey College Road in several places, and it was 19.5 feet wide, not 16 feet wide as listed in a table provided to the Planning Commission. Lyn Ashburn stated that the information on road width was taken from the Greene County Road List, and she had provided this information to Aimee Eucee upon request.

Richard Graves, speaking on behalf of Stephanie Hopson, stated that the plan still did not have all the information required for approval. Two parking spaces per camping space were required, but weren't delineated on the plat. Each parking space was required to contain at least 200 sq. ft., and what was shown was 180 sq. ft. Mr. Graves voiced concern over the possibility that each camping space could have a camp fire, which would generate a lot of smoke and present a nuisance. He stated that, since the plan had been changed to add three cabins, it constituted a new application. This meant that the Planning Commission could deny site plan approval under the "pending ordinance doctrine", which permitted governments to postpone action on development proposals if a change to the regulations was in the process.

Kent Carringer, who prepared the RV Ranch site plan, stated that site plan approval had been granted in October, contingent on bringing the site plan to code. The plan submitted for final approval had small changes that needed to be made, and the developers were waiting on TDEC approval. He added that cabins are a permitted use in the A-1, and that the addition of three cabins did not constitute a new application.

Dr. Kathleen Carr stated she was concerned about public safety, particularly the potential for accidents and vehicles going off Woolsey College Road, and resulting lawsuits.

Danielle Orlando stated that she didn't like when private property rights were stepped on, but regulations were in place to provide public safety, and the narrow roads constituted a safety concern. She stated that the potential for high winds in the area was also a concern, and she had experience with heavy horse trailers being overturned during wind events. Visitors to the area would not be aware of the winds, and would not know they needed to provide additional anchoring for their vehicles.

Joe Carr stated that the development would be located at the crest of the hill, where the wind would be worse than in the protected areas.

Kathy Woolsey Clemmer disagreed with the comments on road safety and the wind. She stated that Woolsey College Road was in great shape, especially compared to the condition of the road when she lived on the property and was involved with moving tractors and trailers on it. The danger of roads in the area was the large dump trucks from the Vulcan Materials quarry.

Allen Davis said he wanted to speak to the good character of Glenn Merklin and Jennifer Adamec. He stated he had 30 years' experience driving trash trucks on all sorts of roads, including narrow rural roads, and thought Woolsey College Road was fine. His home was directly across from the proposed development and he did not oppose it.

Harold Jones stated he owned land adjoining the RV ranch, and he never had problems there before.

Jennifer Adamec, one of the owners of the proposed development, stated that the safety of their guests is their highest priority. They would inform visitors when storms/high winds were coming in, and the visitors had the option of leaving the Ranch to avoid bad weather. Also, the development would be closed in the winter, when the wind is the worst.

Aimee Eucee, who was listening to the meeting via cell phone, stated that visitors would not follow signs to the development, they would follow their GPS. From her experience, GPS drivers to take narrow roads instead of wider roads to get to Woolsey College Road.

Chase Miller stated that the dump truck drivers from Vulcan know the roads, which helps with safety. Visiting drivers won't know the roads, and many of the drivers won't have a lot of experience in driving RV's and trailers that could measure sixty to seventy feet long.

Seeing no one else wishing to speak the public hearing was closed. Tim Tweed stated that there were questions about the septic systems when the plan was submitted for preliminary site plan approval, and those issues had been addressed. He added that drainage and soil erosion control measure had received state permits and the landscape plan had been corrected. Tim Tweed then discussed the requirements for site plan approval, and went over how the submitted plan met each item required in Section 601.1. T. of the Zoning Resolution.

1. The site is over five acres in size.
2. The site plan was submitted to the Planning Commission for their approval.
3. Landscaping. The site plan submitted for final approval had information on landscaping that was not readable, and that the project engineer (Cody A. McElroy) submitted a stamped letter titled "Tree Buffer for Presidential View RV Ranch" to address his concerns. The letter stated:

Location: Tree buffer shall be located be in the outer twenty five feet of buffer area.

Type of Trees: Green Giant Arborvitae.

Spacing and Layout:

Arborvitae Trees will be planted in staggered rows at a maximum of 10' on center so that the trees in one row are not directly aligned with those in the adjacent row.

Planting Instructions:

Holes will be dug for each tree that are deep enough to accommodate the root ball and twice as wide.

Ensure that each tree is planted at a minimum height of six feet.

Backfill the holes with soil and water thoroughly to aid in settling and root establishment.

Mulching and Watering:

Mulch will be applied around the base of each tree to retain moisture and suppress weed growth.

Water the newly planted trees regularly, particularly during the first year, to facilitate root development

Maintenance:

Regularly monitor the growth of the arborvitae.

Prune the trees as necessary to maintain the desired height and shape, and remove any dead or diseased branches.

Conduct periodic inspections to ensure the health and vitality of the buffer.

Growth Rate Monitoring:

Green giant arborvitaes are fast-growing trees, typically adding 3 feet or more in height per year under optimal conditions.

Green Giant Arborvitaes can reach a width of 20' and a height of 60' under optimal conditions.

Adjust spacing and maintenance practices accordingly to accommodate the rapid growth rate of the trees.

Monitor the growth annually and make any necessary adjustments to maintain the desired density and coverage of the buffer.

This met the requirements of the Zoning Resolution.

4. Access roads were only required to be a four (4) inch rock base, but asphalt roads would be provided.
5. The areas allotted to RV camping were eighty-five (85) feet long, which provided space for the required two (2) parking spaces per home site.
6. Setbacks from exterior property lines, access, roads, and between camp sites met the requirements.
7. As per the regulations, if the development created dust, noise, or other nuisance, the buffer distance would have to be increased to 1,000 feet.
8. Porta-Potty facilities were permitted under the regulations, but the developers were working with TEDEC to install septic systems for the entire project.
9. The requirements stated that "safe drinking water" had to be provided, but the project would upgrade and tie into the public water system.
10. There were no long-term permanent housing facilities in the proposed development. The five (5) cabins provided did not have cooking facilities, and could not be used for more than 30 days of consecutive use by the same user.
11. The owner was working with TDEC to construct approved septic systems.
12. The development could and would be inspected to ensure compliance with building and zoning codes.

Roger Woolsey discussed how the County Legislative Body (County Commission) adopted the Zoning Resolution, and the Planning Commission could only do what the County Commission allowed. He advised the Planning Commission to look at the Zoning Resolution and what it said about campgrounds, to render a decision based on their interpretation of the Zoning Resolution. If there were concerns about needing minimum standards for roads accessing campgrounds, the process was to ask the County Commission to revise the Zoning Resolution to address safety issues.

Lyle Parton stated that everything presented met all the requirements. Roger Woolsey stated that everyone needed to be treated the same. A motion was made by Phillip Ottinger, seconded by Becky Rideout, to approve the site plan as it met all requirements. The motion carried unanimously.

Black Bear Towers site at Timberfell Lodge. The Planning Commission reviewed and considered granting preliminary site plan approval for Black Bear Towers, an expansion of the Timberfell Lodge campground, to be located on tax parcel 011-024.00. Noel Peterson stated the site was more than 150

feet from the exterior property line, and could not be seen off-site. The proposal was to provide 6,000 sq. ft. of new pavement and “storage container” camping. The units were open and unfinished, so that Building Inspectors could inspect wiring and other systems as the units were completed. They would be stacked two-high, and tied down for safety. Tim Tweed stated there was nothing in the regulations to prohibit container homes, they just had to meet the requirements. A motion was made by Gary Rector, seconded by Lyle Parton, to grant preliminary approval to the site plan, as it met applicable requirements. The motion carried unanimously.

Administrative minor subdivisions. The Planning Commission was informed the following subdivisions had been approved since the last meeting.

- Replat of Lot 1 of the Paul Shelton Property for Roberto Vasquez for two lots totaling 1.46 acres, located adjacent to E. Andrew Johnson Highway in the 1st civil district.
- Part of the David and Joyce Bird Property, for one lot totaling 1.92 acres, located adjacent to Bird Road in the 24th civil district.
- Robert W. Richardson Jr. plat, for two lots totaling 14.863 acres, located adjacent to Old Mountain Road in the 22nd civil district.
- Survey of a Portion of the Connalley Brown et ux Property for one lot totaling 0.12 acres, located off Henard Road in the 23rd civil district.
- Survey of a Portion of the Jana Solomon Property for one lot totaling 1.98 acres, located adjacent to Asheville Highway in the 2nd civil district.

- Combination Plat of Lots 49 & 50 of Chimney Top at Graysburg Hills, Section B, for one lot totaling 3.15 acres, located adjacent to Chimney Top Lane in the 16th civil district.

A motion was made by Phillip Ottinger, seconded by Gary Rector, to accept the list. The motion carried unanimously.

Monthly activity report for Building/Zoning/Planning Office. Tim Tweed discussed the monthly department activity report. A motion was made by Phillip Ottinger, seconded by Gary Rector, to accept the report. The motion carried unanimously.

Other Business.

Part of the Chris Smith Property plat. Amy Tweed stated the subdivision plat for “Part of the Chris Smith Property” had been denied approval at the April 2024 meeting, as revised plats had not been submitted as required. The subdivision was for one lot totaling 2.07 acres, with an existing house,

located adjacent to Poplar Springs Road in the 3rd civil district. Staff stated that there was an existing septic system, and if the approval could not be found in TDEC records, soils work could be done and the plat approved in house. In order for the plat to not be delayed while the property owner searched for the recorded approval, staff recommended approving the plat subject to the addition of signatures, as the plat met all other applicable requirements. A motion was made by Gary Rector, seconded by Phillip Ottinger, to approve the plat subject to the addition of signatures, as the plat met all other applicable requirements. The motion carried unanimously.

There being no further business, a motion was made by Lyle Parton, seconded by Gary Rector, to adjourn. The motion carried unanimously. The meeting adjourned at 3:30 pm.

WHEREAS, our National, State, and County Founders trusted in the omnipotent hand of Providence to guide and bless our land; and

WHEREAS, over decades, these leaders called our people to seek out the Creator's favor by issuing proclamations like the one from John Adams on April 15, 1799:

[This day] be observed throughout the United States of America as a day of solemn humiliation, fasting, and prayer; that the citizens on that day abstain, as far as may be, from their secular occupation, and devote the time to the sacred duties of religion, in public and in private; that they call to mind our numerous offenses

against the most high God, confess them before Him with the sincerest penitence, implore his pardoning mercy, through the Great Mediator and Redeemer, for our past transgressions, and that through the grace of His Holy Spirit, we may be disposed and enabled to yield a more suitable obedience to his righteous requisitions in time to come; that He would interpose to arrest the progress of that impiety and licentiousness in principle and practice so offensive to Himself and so ruinous to mankind; that He would make us deeply sensible that "Righteousness exalteth a nation, but sin is a reproach to any people." [Proverbs 14:34]

WHEREAS, we hold that our Founders correctly acknowledged Truth in their words; and WHEREAS, we hold that "Except the Lord keep the city, the watchman waketh but in vain." (Psalm 127:1); now, therefore,

THEREFORE, BE IT RESOLVED BY THE GREENE COUNTY LEGISLATIVE BODY meeting in regular session on July 15th, 2024, a quorum being present and a majority voting in the affirmative that the period of July 15, 2024, through July 31, 2024, be recognized as a time of prayer and fasting in Tennessee.

BE IT FURTHER RESOLVED that we recognize that God, as Creator and King of all Glory, has both the authority to judge and to bless nations or states.

BE IT FURTHER RESOLVED that we, as public servants in the Greene County Legislature, seek God's Mercy upon our land and beseech Him to not withdraw His Hand of blessing from us.

BE IT FURTHER RESOLVED that we recognize our sins and shortcomings before Him and humbly ask His Forgiveness.

BE IT FURTHER RESOLVED that we ask the Lord Jesus to heal our land and remove the violence, human-trafficking, addiction, and corruption.

BE IT FURTHER RESOLVED that we ask that the Holy Spirit fill our halls of government, our classrooms, our places of business, our churches, and our homes with peace, love, and joy.

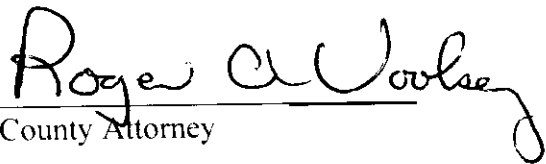

BE IT FURTHER RESOLVED that we call upon all those who are physically able and spiritually inclined to do so to join in a sixteen-day season of prayer and intermittent fasting as we begin a new fiscal year as a means of seeking God's blessing and humbling ourselves to receive His Grace and Mercy, transforming ourselves, our communities,

our State, and our Nation.
